

## Packaging Selection – Private Label

The bottling info page below defines common bottle and jar terminology to help you select the right container. The image below explains basic container "anatomy," to which we will refer throughout this document.

LifeOrganics offers clear plastic bottles in an assortment of sizes from 1 oz. to 16 oz. Clear plastic bottles come with numerous cap options including white, black, natural caps, and an assortment of other closure options.

Packaging Options  
Private Label Selection

Standard Bottling Options

- clear/transparent
- 8 ounce bottle
- dispensing top (disc cap)
- natural, white, black closure (cap)
- custom/premium colors and sizes available

**Boston Round Bottles**

(boston rounds, round bottles, squat boston rounds)

Boston rounds have straight sides with gradually curved shoulders. Our boston round bottles are considered to be a "squat" style with a wider, shorter profile than traditional boston rounds.

**Available** in: 2 oz., 4 oz., 8 oz., 16 oz.

**Colors:** Clear, Blue, White, Amber, Green, Black, Natural

Packaging Options  
Private Label Selection

**Cosmo Round Bottles**

(cosmo rounds, bullet bottles, jefferson round bottles)

Cosmo rounds are tall, narrow bottles with gradually sloped shoulders. Cosmo round bottles are narrower versions of boston rounds.

**Available** in: 1 oz., 2 oz., 4 oz., 8 oz., 16 oz.

**Colors:** Clear, Blue, White, Amber, Green, Black, Natural, Purple, Frosted

**Cylinder Bottles**

(cylinder rounds, cylindrical bottles)

Cylinder bottles are tall and narrow with straight sides. These bottles have horizontal shoulders that transition into the sides abruptly.

**Available** in: 2 oz., 4 oz., 8 oz.

**Colors:** Clear, Natural, White, Black

## Packaging Options Private Label Selection

### **Cosmo Oval Bottles**

A cosmo oval is a tall bottle with a narrow depth that has gradually sloped shoulders and an oval base.

**Available** in: 2 oz., 4 oz., 8 oz.

**Colors:** Clear, Amber, Green, Blue

### Premium Bottling Options

- material: PET, aluminum/glass bottles or jars
- color options: frosted, white, black, blue, amber, etc.
- closure: applicator, squirt, or tottle

### **Naples Oval Bottles**

An exception to the "oval" rule, this bottle has a round base but an oval-shaped cross section. A naples oval has gradually sloped shoulders that taper down to the narrow base.

**Available** in: 2 oz., 4 oz., 8 oz.

**Colors:** Clear

Packaging Options  
Private Label Selection

**Sauce/Woozy Bottles**

(woozy bottles, woozey bottles, keuka bottles)

A round bottle with a narrow neck that tapers into a wider base. Woozy bottles have a gradual, smooth taper from neck to base while sauce bottles have a more rounded shoulder. Sauce bottles often have indented label panels.

**Available** in: 8 oz., 12 oz.

**Colors:** Clear

**Aluminum Bottles**

Each of these aluminum round bottles includes a closure (cap, sprayer, or pump). They are available in three sizes and could be perfect for dispensing products such as lotions, shampoos and other beauty products. These aluminum bottles have epoxy phenolic liners, which are highly flexible internal plastic liners.

**Available** in: 2 oz., 4 oz., 8 oz.

## Packaging Options

### Private Label Selection

### **Tottle Bottles** (inverted oval bottles, tube bottles, Malibu tubes)

Tottles are oval bottles with rounded bases meant to stand on their caps.

**Available** in: ½ oz., 1 oz., 2 oz., 4 oz., 6 oz., 8 oz.

**Colors:** White, Natural (2&4 oz.)

## Jars & Tubs

LifeOrganics offers clear plastic jars in an assortment of sizes from 1/8 oz. to 16 oz. Clear plastic jars come with numerous cap options including black or white unlined caps. An assortment of other closures are available via custom packaging upgrade.

### Standard Jar Options

- clear/transparent
- 4-8 oz. jar (*dependent on product*)
- Unlined lid (*smooth or ribbed*)
- natural, white, black closure (lid)
- custom/premium colors and sizes available

### **Heavy Wall Jars** (low profile, double walled jars)

Heavy wall jars are thicker, sturdier “low profile” (shorter height) jars with a squarer base meant for gels, pomades, creams, and a variety of cosmetic products.

**Available** in: 2 oz., 4 oz., 8 oz.

**Colors:** Clear, Amber, Blue

Packaging Options  
Private Label Selection

**Single Wall Jars**  
(PET plastic, straight sided jars)

Single wall jars are taller, lighter weight jars with a squarer base meant for scrubs, body butters, conditioners, and a variety of cosmetic products.

**Available** in: ½ oz., 1 oz., 2 oz., 4 oz., 8 oz., 12 oz., 16 oz.

**Colors:** Clear, Blue, Amber, Green, Black, Purple, White

Packaging Options  
Private Label Selection

### Premium Bottling Options

- material: PET plastic, aluminum/glass bottles or jars
- color options: frosted, white, black, blue, amber, etc.
- closure: applicator, squirt, or tottle

### **Wire Bale Jars w/ hinged lid** (square bales, salts jars)

Unique clear PET plastic square wire bale jars are available in three sizes and feature hinged lids that create a tight seal when closed. A rubber ring on the inside of the lid offers a tighter seal and added protection for your product. These square wire bale jars could be used to package candies, bath salts, scrubs, or other products.

**Available** in: 5 oz., 7oz., 13.5 oz.

### **Metal Tins**

Our tins could be used for a variety of applications from candle and cosmetic to candies and mints. All tins have rolled edges.

**Available** in: 1 oz., 2oz., 4 oz., 6 oz., 8 oz., 16 oz.

## Packaging Options Private Label Selection

## **Other Premium Packaging**

### **Plastic Tubes**

The white polystyrene round deodorant containers come with unlined white ribbed screw caps. To dispense contents of these deodorant containers, simply push on the natural plastic bases of the containers, which clearly feature molded text reading "Push Up". These plastic tubes could be used to package deodorants, as well as sunscreens, solid perfumes and other bath and body care products.

**Available** in: 2.5 oz.

**Colors:** White

Packaging Options  
Private Label Selection

These white plastic deodorant tubes are made from polypropylene plastic and include smooth white dome caps. The oval deodorant tube barrels each have a turning wheel mechanism that gradually pushes up the product for use. These white plastic tubes could be ideal for products such as deodorant, lotion bars, beauty products and more.

**Available** in: 2.65 oz (75 gram)

**Colors:** White

**CLOSURES**

Standard options for bottles/jars:

- dispensing caps, disc, or flip-top caps (white, black, or natural)
- non-dispensing caps (white, black, or natural)
- fine mist sprayer (white, black, or natural)
- standard ribbed pumps (white, black, or natural)
- standard straight or ribbed lid (white or black, unlined)

Packaging Options  
Private Label Selection

Premium options for bottles/jars:

- twist, squirt, or New Yorker style caps
- gold, silver, color, or aluminum caps
- heavy duty or frosted
- decorative or filigreed

**Note:** Standard packaging options are included with all private label and custom private label options. Premium and custom bottles, jars, and closures are available upon request. Additional fee(s) will apply.
